# About Us

## Who we are

In 2005 we realised there was a gap in the market for beautiful, affordable bespoke wardrobes, tailored to customers' homes. Since then we have grown immensely, attracting customers through word of mouth and even working on storage solutions for larger, commercial clients. Our warm and friendly team are dedicated to their work and are passionate about helping you find the perfect storage solution for your home.

## What we do

Do you have areas in your home that are overflowing with stuff that could be neatly tucked away in a bespoke cupboard space? Do you have a small space in your home that requires special attention, but you're not sure where to start? Gap Solutions can help. Our highly trained team know how to tackle even the trickiest of nooks in your home to create the perfect storage solution for you. Also at Gap Solutions, we have significant experience working with developers of all sizes, with all the necessary site documentation, SMAS/CHAS accredited and all necessary insurances.

## Our commitments

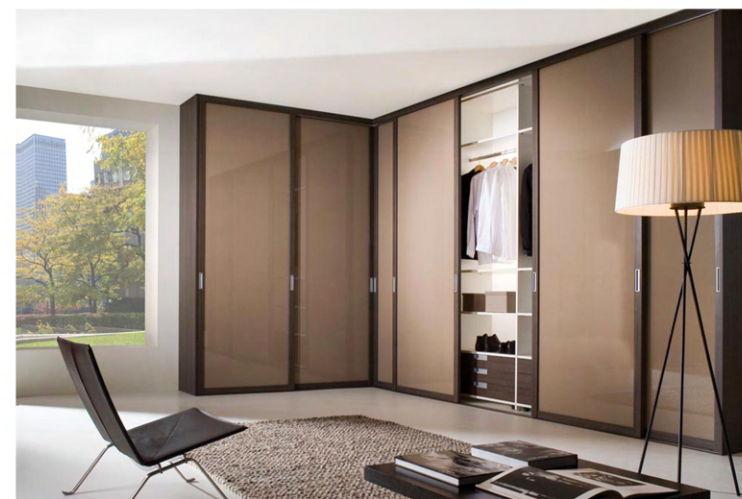

Here at Gap Solutions, we really do pride ourselves on supporting those who need it the most. We believe that to be a successful company, we need to truly be connected with our community, so not only do we have amazing partnerships with big brands like our sponsorship for BHAFC, we also support lots of local charities.

We feel at Gap Solutions, that becoming a sustainable company is a key part of running a business. That's why all of our suppliers are PEFC and FSC certified, the national and international non-profit organisations that regulate and promote sustainable forest management.

# Wardrobes

# Sliding Doors

At Gap Solutions, we have an impressively wide range of sliding doors. Not only will these doors completely transform your room into a beautiful space, they are also very effective in maximising your storage space.

**Finding the right furniture for your room can be tricky.**

That is why at Gap Solutions every product we build is made to measure to fit your room perfectly.

Our extensive range comes in a wide variety of colours and finishes. Including mirrored, which instantly creates the illusion of a bigger, brighter room, whilst saving you the hassle of buying an extra mirror.

The huge advantage of having sliding doors is that they don't stick out when opened, which really allows you to maximise your living space. These wardrobes are a sleek and compact design, allowing you to organise your belongings in style.

Whether you have traditional or contemporary styled interior, whatever you are looking for we will have the range to suit your home.

---

# Room Dividers

**The beauty of a room divider is in its ability to completely transform a room and even create two rooms.**

A room divider can be the perfect addition to complete a storage solution, from hiding clutter or adding sliding doors to an existing wardrobe.

They can also create another space altogether, whether that's dividing a part of an existing room to create another room or defining the division between two rooms like between a kitchen and living room for example.

# Wardrobes

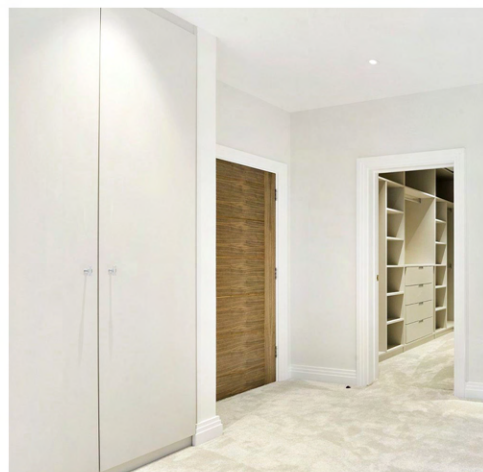

# Hinged Doors

As well as the wide range of sliding door styles we have available, we also specialise in hinged doors. These doors will become a statement piece in your home whilst also blending in well with your existing decor.

**Transform and improve your room.**

Hinged doors give both a minimalist and sophisticated look to a room.

*Stylish LED lighting can be installed to compliment your wardrobe.*

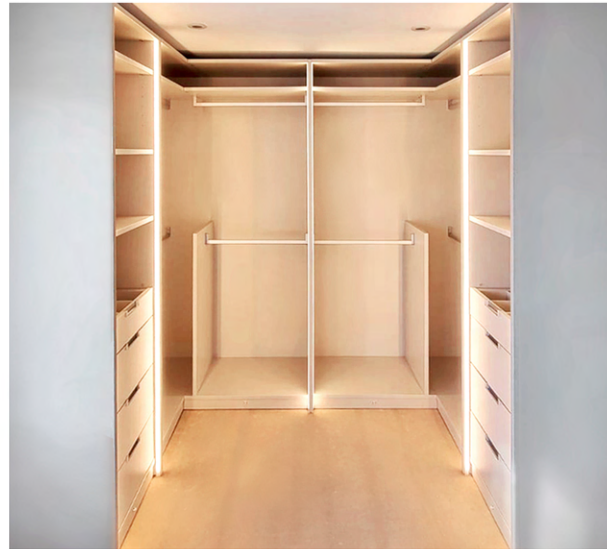

# Walk in Wardrobes

It is a dream for many to have their own walk in wardrobe. At Gap Solutions, we can turn that dream into a reality.

## U-Shape

The U - shaped walk in wardrobe is a thing of beauty. Give your home a makeover with this walk in wardrobe. We can also install stylish LED lighting that turns on through motion detection.

## L-Shape

The L - shaped wardrobe is an amazing design for many people who want to add an element of sophistication to your room.

# Interiors

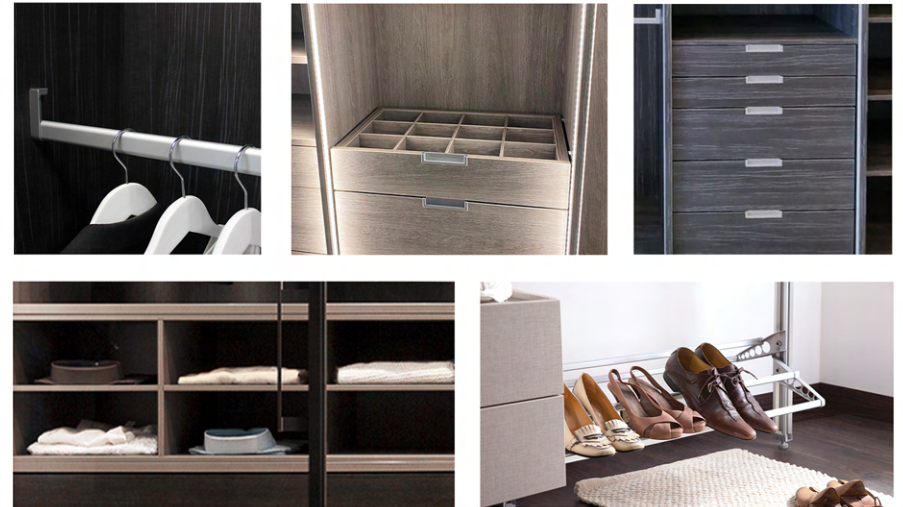

1. Pigeon holes  
4. Hanging rail

2. Shoe rack  
5. Drawers

3. Shelves  
6. Organiser

All parts of a wardrobe are important to us but at Gap Solutions, we passionately feel it's what's inside that really

**Choosing the right interior is essential to your product.**

The different interior features you have or include later as an add-on, are fundamental to the function and look of your wardrobe. Also you can explore our wide range of interiors to decide what carcass style suits you.

# Home Office

---

The home office setup has become an essential part of many people's homes in the modern working world. Upgrading your workspace with our bespoke designed furniture will have a hugely positive effect on your productivity.

The key to a great work from home environment is organisation and comfort. Our smart designs allow you to make the most of your space and organise all of your work materials to help create the perfect workspace.

# Accessories

We have an extensive range of accessories from: headboards with shelving and padded headboards, LED lighting, drawer organisers, dressing tables, TV units, docking stations for in-built speakers and much more. It's not just clothes that need a special place - we have storage solutions for all the belongings in your home, as well as a wide range of bespoke furniture accessories.

Our accessory furniture comes in a wide range of colours and finishes to match all of your fittings.

# Finishes

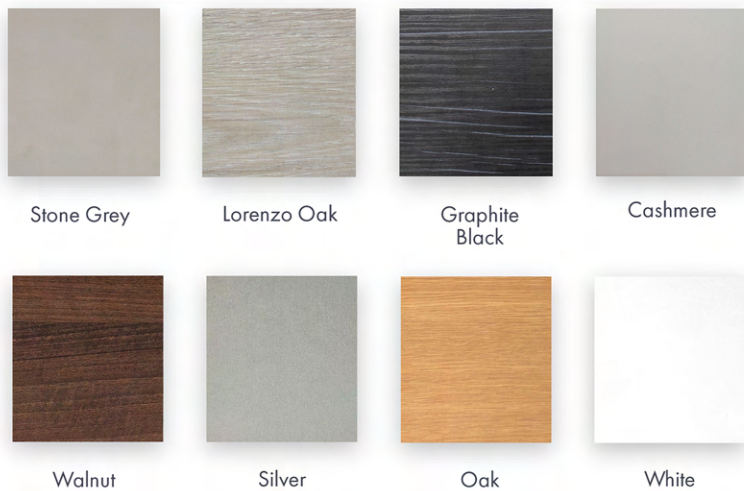

At Gap Solutions, every design detail is taken into consideration with great care.

# Next Steps

At Gap Solutions we make it simple. See here the next steps to making your dream home a reality.

## *Free design visit*

# 01

One of our designers will come and measure the space and discuss with you what you would like. Or alternatively you can visit our lovely showroom to see how we can help you with any storage solutions and bespoke furniture.

## *Visualise and quote*

# 02

Once we have all the details from our design survey and know exactly what you require, one of our talented team members will visualise a CAD design of your fitting. This will be sent to you alongside a detailed quote, all for free.

## *Install and enjoy*

# 03

And for the finale, you can book your date for our team of qualified fitters to come and complete the build. And now you can enjoy your product and the maximised space in your home.

Give us a call today on **01273 550050** or email us at **[info@gapsolutions.co.uk](mailto:info@gapsolutions.co.uk)** to book your free design visit.

## Testimonials.

---

“Couldn’t be happier with the service I received with the company from start to finish. Very helpful and professional throughout. The finished product was exactly what I asked for.”

- *Mr. Baker*

“We had Gap Solutions totally transform a small storeroom into the most amazing walk in wardrobe. From start to finish the team were professional, considerable and very keen to ensure that the work done was to the highest specification. The work came in on budget and we are very pleased with the finished result. Highly recommended!”

- *Ms. Hillier*

“An excellent company to deal with, from start to completion of the quality sliding wardrobes, we would like to thank everyone for their professional attitude and service. Thank you.”

-*Ms. Botting*

“This team is excellent. From start to finish a purely professional job. A great price. Greg and the team give over 100% to make sure you are happy as a customer. I would and have recommended Gap Solutions to many of my friends and neighbours. But you know what? Their work speaks for itself.”

- *Mr. Liam*

“Excellent job from start to finish couldn't recommend them enough and a lovely wardrobe to boot, took their advice on what would be needed for my requirements and style I wanted couldn't recommend them enough from the surveyor, office staff to fitters will be telling everyone that needs a wardrobe to give them a call first.”

- *Mr. Larocque*

“Greg and the team were excellent throughout the process. The standard of the wardrobe is excellent and the fitting is extremely prompt. Can't recommend highly enough.”

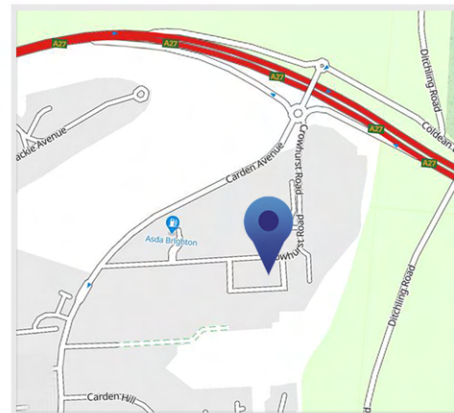

- *Mr. Papa*
